

Convenience Store Exterior LED Lighting Retrofit

The Leotek Advantage

Leotek's LCN1-096 Canopy Luminaire was installed at King Fuels Valero located at 1801 W. Main Street., League City, TX 77473. After installation, the store saw marked improvement of light levels on the ground as well as on the fuel dispensers giving better visibility to customers and an improved feeling of safety. Eighteen (18) LCN1-096-MV-CW-5s fixtures replaced 18 LSI Scottsdales. Kevin Jessup of Petroleum Solutions Inc., Houston, said "the King Fuels Dealer was very pleased with the increased light levels on the fuel dispensers as well as the area surrounding parking lot".

Product

LCN1 Canopy Luminaire

- 96 Cool White LEDs
- Prismatic, UV Stabilized Lens
- 120-277V Power Supply

High Visibility Illumination

- Extraordinarily uniform illumination with high footcandles on the ground and fuel dispenser
- High CRI, white light enhances visual acuity
- Instant-start LEDs, compatible with inverters and battery back-up emergency lighting systems

Life Cycle Economies

- High LED efficiency reduces energy cost
- 60,000 +/- hour projected life reduces maintenance

Ease of Installation & Maintenance

- Installs in minutes, completely covering existing holes/markings
- Utilizes existing wiring/conduit and screw mounting holes
- Access power supply from below

About Leotek

Leotek Electronics USA Corp. is globally recognized as a pioneer in light-emitting diode (LED) technology since 1992, located in Silicon Valley, California in 1997. With millions of LED products installed throughout the United States, as well as on a global scale, Leotek offers a history of proven performance. We manufacture innovative LED lighting products for applications encompassing traffic and transit, street and area, commercial, and petroleum, convenience, grocery and retail stores. Leotek is committed to developing emerging solid-state technology that offers greater longevity and environmental viability than traditional lighting sources, while reducing energy consumption and maintenance costs. Leotek, "The Leader in Electro-Optics Technology," continues to lead the next generation with LED Green Technology.
